

For Immediate Release

New Regional Sales Manager Joins Daubert Europe

MUNICH, Germany – Daubert Cromwell, the leader in corrosion prevention packaging and products for industry globally, announces Nancy Dasseville as Regional Sales Manager for its European operation, based in Germany.

Ms. Dasseville, an experienced technical sales manager, is responsible for helping industries in Benelux, Scandinavia, France, UK, and northwest Germany prevent corrosion on fabricated metal parts. She will provide technical expertise and application assistance in using VCI packaging to protect metals in all stages, from manufacture to export shipment.

Ms. Dasseville has a broad background in plastics used in automotive supply, construction, agriculture and other markets. Her fluency in German, English, French and Dutch, makes her a valuable addition to the Daubert Europe sales team.

Led by Vice President Global Business Development Scott Kotvis, and supported by technical and service teams in Munich and US, Daubert Europe provides the most comprehensive line of quality VCI products to largest companies in automotive, heavy equipment manufacturing, and all types of metal fabricators and suppliers.

Daubert Europe office is located at Trimbургstr. 2 81249 Munich, Germany. To contact Ms. Dasseville direct, send an e-mail to ndasseville@daubertcromwell.eu, or call +49 (0)176 47102976.

About Daubert Cromwell
